

Uni biely

The image shows a close-up, vertical view of a natural beech wood surface. The wood grain is characterized by fine, closely spaced vertical lines that create a subtle, rhythmic pattern. The color is a warm, light beige or cream, with slight variations in tone across the surface, indicating its natural origin. There are no knots, stains, or other imperfections visible, presenting a clean and uniform texture.

Dub sonoma hnedy

The image shows a close-up, vertical view of a wood surface with a rich, dark brown color. The grain is prominent, showing a mix of straight and wavy patterns. There are several knots and darker spots scattered throughout, giving it a natural, aged appearance. The lighting is even, highlighting the texture of the wood fibers.

Dub santana svetlý

The image shows a close-up, vertical view of a dark brown wood grain. The texture is characterized by fine, wavy lines and subtle variations in tone, ranging from a deep, almost blackish-brown to a slightly lighter, more ashy brown. The grain pattern is consistent throughout the frame, creating a rich, natural-looking background.
